Electric Guitar

### Full Sized Pearl River Quality Black Electric Guitar

This black stunning copy of the legendary Fender Stratocaster is a must for any aspiring Jimi Hendrix or Eric Clapton clone. The five way position switch allows you a combination of tones through the bass and treble pickups. The action is low and the frets are nice and thin allowing for easy, smooth action and playability. With this guitar you get a great Whammy bar and a fantastic sound that creates the perfect deep rock/heavy rock tone.

#### Features

- Pearl River Brand
- Fender Stratocaster copy
- Amplifier capable
- stylish traditional black
- everything you need to start rocking
- whammy bar
- tone, volume control
- distortion setting
- Full size - 99cm length

amplifier leads included and manufacturers warranty

 Car Back up Sensor

**Ultrasonic Parking Sensor System with 4 Infra Red Sensors**

Do you hate parking your car in real tight spots because you are afraid of hitting the car behind? Not anymore with this Parking Sensor System! Utilizing Advanced Ultrasonic sensing technology, you are able to tell how far to go before you are really close to the car behind. With a beeping noise at approx 1.5m and a continuous loon beep at 0.4m, you can easily without any hassles park parallel into tight spots or even use it for the garage to reverse into!

**Features**

Beeps on and off at 1.5m

- Continuous long beep at 0.4m
- Includes 4 sensors with cabling approx 2m each that connects to the black box.
- Beeper (speaker) has a 2m cable that connects to the black box.
- cable connects into reverse lights (powered by reverse lights)
- Easy Set up with manual - (descriptive manual) note - if you aren't familiar with wiring please get a professional or someone who does know to install it for you.

uses advanced ultrasonic sensing technology
