E Banc Trade member information

New Programmes 20% to 75% Trade

Heard about the 50% Plus Club and Gold Club yet? Read on—you won't want to miss out on the great products available through membership of these new E Banc Trade Clubs.

If you want to increase your trading volume and take advantage of substantial trade percentages when you purchase, applying to join one of these Clubs might be your answer.

Through membership in the 50%^{Plus}Club* traders offer their product or services to all club members at 50% trade and in return can purchase from club members at 50% trade.

Membership to the Gold Club* allows traders to buy and sell with other Gold Club members at 100% trade and with 50%^{Plus}Club members at 50%. Membership to both clubs is by application and certain criteria must be met.

Membership to the 50%^{Plus}Club also entitles you to pay for essential products and services using 50% E Banc Trade dollars, and Gold Club members are offered a 75% trade component. Essential product and services currently available include Electricity, Groceries, Telecommunications, Petrol, Air Travel and Property Rates. These programmes are offered by myServicesBanc.com Ltd and operate through a prepayment system over a selected period of time.

Trading below 50%?

Don't worry, if you don't qualify for the 50% Plus Club or Gold Club. You can still participate in these programmes using a 20% trade component *

PROGRAMMES OFFERED BY MYSERVICESBANC

All the programmes operate by prepaying in cash and trade a calculated amount for the selected programme for a nominated period of time (the plan). Visit the E Banc Trade website to see the time plans available for each programme. Three weeks or the following month (depending on the programme) after your payment is received by myServicesBanc you will commence receiving a benefit equal to the amount you have prepaid, divided by the number of weeks/months you have chosen to participate in the programme. This benefit is paid for the

duration of the chosen plan.

You can increase the trade % available to you in these programmes by joining one of the E Banc Trade Clubs. It is the club you join that determines the amount of trade you can use in the prepayment amount.

Groceries and Fuel *

When you select myGroceryBanc or FUELbanc, you will receive a debit card that can be used at EFTPOS terminals: for Groceries at Woolworths and Safeway supermarkets; for Fuel at all fuel outlet throughout Australia accepting EFTPOS.

Electricity and Property Rates *

Regardless of your electricity provider or local council, you can participate in myEnergyBanc and myRatesBanc and have your account with them credited monthly with your nominated amount for the duration of the plan you select. With the rise in property costs, council rates are soaring so use your trade dollars for this expense.

Telecommunications *

Select ETB Phones as your telecommunications provider and your account with them will be credited monthly with your nominated amount for the duration of the plan you select. Use your trade dollars to pay for your landline, mobile and internet through myPhoneBanc.

Travel *

Travel regularly, or planning an overseas trip? myTravelBanc is for you. Obtain a great trade component with any airline by prepaying the amount you will need. An account in your name is opened with Corporate Travel Management so that when you are ready to travel, you simply access the funds that have been credited weekly to your account. And the benefits are not limited to flights – you can access hire cars, accommodation, tours and other travel requirements using Corporate Travel Management.

How to Participate

Apply online from the E Banc Trade Member's site. Log in using your username and password and click on the 'E Banc Options' logo at the top left of the navigation table.
