## Think Trade First this Christmas!

**I hope I am not the first one to point this out, but Christmas is just around the corner—12 weeks to be exact!**

For those of you who like to plan ahead, now is the time to be sourcing those Christmas gifts you can purchase using your trade dollars. You will find gift ideas looking through the online directory, Auctions, Classifieds and Product Catalogue.

And what about Christmas Holidays—have you chosen your holiday accommodation yet? Ask your Trade coordinator for a full list of accommodation available on Empire Trade, or check out the directory on the website.

Accommodation Vouchers and Wine are great Christmas bonuses for your staff, ask your Trade coordinator about local members offering products and services that could be gifted to your staff this Christmas.

Now is also the time to book your Christmas party venue—get in early and have more choice!

## Market Analyst

Learn Charting

Learn to understand the Stockmarket and Increase profits beyond your wildest dreams through Technical Analysis

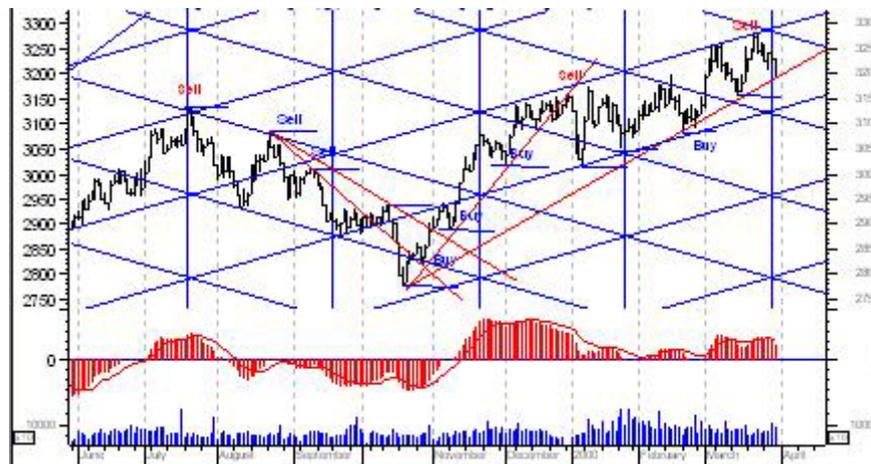

*Would you like to have another stream of income? If your vision is for great wealth, or you are purely committed to learning the share market, this seven weeks course will give you a thorough understanding of stock movements, and teach you to trade stocks and commodities with confidence and outstanding profitability. **Learn what the rich people already know.***

### The Course

Through the seven weeks, you will be taught how to read wave structure, what support or resistance is, and when your trade is most at risk. You will learn about Fibonacci's summation series of numbers, the Fibonacci ratio, and the part they play in the market. The Elliott wave principal will be fully covered as well as his Rules of Alternation. You will learn about most of the useful indicators used in market trading today: eg. MACD, Stochastic, William's %R, Relative Strength Indicator, and many more, as well as how to build your own. The course also covers W.D.Gann's principals on time and price movements.

At the end of the course you will know which stocks to buy, and when to sell for maximum profit. More importantly, you will be taught money management, and how to formulate a trading plan that really works.

The course is sent weekly via e-mail, with telephone, Skype or e-mail back up whenever required.
